

Tips for Parents of Preschool Children

is for Corn

Produce Tips

- Choose fresh, green husks and ears that are covered with plump, shiny kernels.
- Avoid silks that show signs of rot or decay.
- Store fresh corn in the refrigerator for up to three days.
- Keep a bag of corn in the freezer for last minute meal ideas.

What Should Parents Know About Children?

Children need to be shown a variety of fruits and vegetables at an early age.

- Encourage them to eat different colored fruits and vegetables.
- Take them to the supermarket. Ask them to help you choose new fruits and vegetables to try.
- Tell them you are proud when they try a new fruit or vegetable.

Family Activity

Walking is a simple way to add physical activity into your daily life. It is also a great family activity.

- Walk with your child while he/she bikes alongside you.
- Park your car far away from where you are going and walk the extra distance.
- Walk with family members or the dog daily at a different pace each day (slow, brisk, fast, backwards).
